

SPECIAL EDUCATION AND EXCEPTIONAL STUDENT RESOURCE GUIDE

Once your sponsor receives orders to Edwards AFB, you have a choice of either contacting the SLO at your current base or contacting the Edwards SLO via phone, email or webpage. Once the SLO receives your children's ages and info, we will be able to provide you with local school information both on/off base. This process should help make your transition as stress free as possible.

When transitioning from one base to another, you can also contact the ***Airman and Family Readiness Center, Relocation Program, and Housing Office*** for information on Edwards AFB and the surrounding communities. They will provide you with a **WELCOME PACKET** and information on our **NEWCOMER'S ORIENTATION**.

If you have any questions about the State of California's Special Education and Exceptional Student Services, you can contact the local school district or visit the California Department of Education website www.cde.gov

In addition to California's Special Education Services, the military has the **Military OneSource** resource for eligible families for special needs assistance. **Military OneSource** also has free Tip Sheets, Booklets, CDs and Cassettes that families can order online at <https://www.militaryonesource.com>
